

# Health and Safety Plan Update

February 21, 2022

# **-Tonight-**

+Highlight proposed changes to the OASD Health and Safety Plan:

- Mitigation Procedures

- Communication Protocols

- Testing Services

- Coordination with CCHD, DOH and PDE

***Effective Tuesday, February 22, 2022***

# **-Mitigation Procedures-**

+Masking indoors shifts from required to recommended, with the following exceptions.

- Required in nurse's office.

- Required on school bus per Transportation Security Administration.

- Students with 504s for masking are exempted.

+Masks remain available in all offices, classrooms, school bus, etc.

+Cleaning, HVAC , plexiglass in offices, handwashing etiquette, etc, remain in place.

+Full occupancy with 3 feet or greater continues as the social distancing expectation to the greatest extent possible.

# **-Communication Protocols-**

- +School nurses continue to assist as families and staff self report.
  - Information must be submitted weekly to CCHD.
- +Dashboard will be maintained internally but the link removed from website.
- +Weekly update will be discontinued.
- +Information will be posted to OASD website.

## **-Testing Services-**

+Continue partnership with EMS.

-Onsite testing currently open one day a week.

+Direct families to CCHD sites as needed.

+Seek additional opportunities to provide home test kits to staff and families.

# **-Coordination with CCHD, PDE, & DOH-**

- +When required, report confirmed and probable cases and close contacts.
- +When required, implement isolation and quarantine procedures.
- +Consult with local and state health departments as needed.
- +Continue to monitor school and community transmission levels, positivity rates, and other metrics to determine prevention and mitigation protocols.

# **Direction to Administration**
