

OCTORARA AREA SCHOOL DISTRICT
WHAT TO DO IN CASE OF A WORK-RELATED INJURY
EFFECTIVE JULY 1, 2015 THROUGH JUNE 30, 2016

If you suffer a work-related injury, your health and well being are our first concern. If the injury is of a serious nature and requires the assistance of an ambulance or rescue personnel, they should be contacted immediately. If the injury is of a less serious nature, the following procedures must be followed:

1. If you suffer a work-related injury, the first thing you **MUST** do is report the injury to your supervisor. **To report your claim, call "First Step" @ 1 (800) 445-6965 ext. 101.** You must also call **Christine Kuderka, Benefits/Business Manager Secretary**, who will provide the SDIC packet to report your claim.
2. If you require a prescription for your work-related injury or disease, do not use your personal health plan prescription card. Please use the JordanReses First Fill Sheet, which you will receive in the claim package. When you call in your report of injury to SDIC, they will assign you a claim number. Please use this claim number when seeing a panel physician.
3. If you suffer a work-related injury, **OCTORARA AREA SCHOOL DISTRICT** or our insurer will pay reasonable surgical and medical services and supplies, orthopedic appliances and prosthetics, including training in their use when needed. In order to insure that your medical treatment will be paid for by **Octorara Area School District** or our insurer, **you must select from one of the health-care providers listed below for your initial care:**
